Get innovative solutions, reliability and service on every job with

Tri-City Electric Co.

Designing an A/V system goes beyond picking components off a shelf. It requires understanding the underlying technologies and integrating them in a way that achieves the best results. This is where Tri-City Electric Co. excels. You can have the confidence we will deliver on the latest A/V technology, paths for upgrades, reliable performance, and ongoing support to meet your immediate and long-term A/V needs.
