“The Clinton School District has worked with Tri-City Electric over the past few years to upgrade the infrastructure that supports technology in all our school buildings. Their knowledge, support and attention to the details have been essential for the successful implementation of a 10G backbone in all our schools. We have been extremely satisfied with their performance. I would highly recommend Tri-City Electric, as they will provide you with top-notch quality and service for their projects.” – IT Director, Clinton School District
