

## Audio/Visual

Get innovative solutions, reliability and service on every job with  
**Tri-City Technologies**

Designing an A/V system goes beyond picking components off a shelf. It requires understanding the underlying technologies and integrating them in a way that achieves the best results. This is where Tri-City Technologies excels. You can have the confidence we will deliver on the latest A/V technology, paths for upgrades, reliable performance, and ongoing support to meet your immediate and long-term A/V needs.

**CONFIDENCE DELIVERED.®**

**Tri-City Technologies**

## Experienced in Audio/Visual.

We specialize in creating custom audio/visual solutions tailored to your space and needs. With years of experience, we manage every detail from design to installation, delivering seamless integration, exceptional quality, and the confidence that your setup will perform flawlessly. With our ongoing support, you'll have peace of mind knowing we're always here to help keep your system running smoothly.

*"Tri-City Technologies has the knowledge and experience to recommend and design exactly the right audio/visual solution for your company." — Doug Palmer, President/CEO*
