Get knowledge, quality and service on every job with

Tri-City Technologies

Security is becoming more and more critical for the long-term success of your business. It's not something you can afford to take a chance on. With Tri-City Technologies, you'll receive the expertise of a company that has been doing business since 1895.

CONFIDENCE DELIVERED.®

Tri-City Technologies

Experienced in security solutions.

When you need integrated access control systems and CCTV video surveillance solutions, you can rely on the experience of Tri-City Technologies. Our Security Solutions division can provide you with a full range of design, installation and maintenance services to support your commercial and industrial security, access control and video surveillance needs.

"It is a rare occurrence when I receive compliments regarding outside contractors. I received multiple calls regarding the professionalism your firm exhibited. I appreciate the opportunity to personally thank you for the service you are providing, thus enhancing the ability to educate our children." — Facilities Director at a local community school district
