

Electric Vehicle Charging

Lead the charge with an experienced team at
Tri-City Electric Co.

The electric vehicle (EV) market is rapidly growing. Installing an EV charging station has many benefits for businesses and can even provide customer insight data like never before. Whether you're in retail, hospitality, development or more, an EV charging station will increase foot traffic and profitability of virtually any business. As certified installers of EV chargers, you'll find we have a comprehensive approach and long-term vision to ensure your EV charging solution works seamlessly with your electrical infrastructure.

CONFIDENCE DELIVERED.®

Tri-City Electric Co.
Since 1895

Electric Vehicle Charging

EV charging from your trusted professionals.

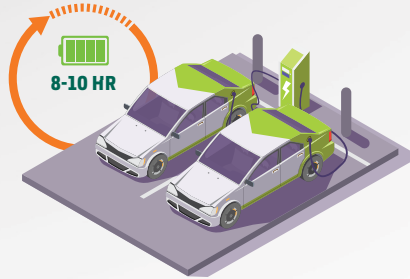

As one of the oldest and largest electrical contractors in the country, you can trust that our team of experts and licensed electricians are the best to help you plan and install your EV charging station. From our first consultation all the way to installation and beyond, you can rest assured that your EV charging station will work reliably day-in and day-out.

Our EV charger installation process:

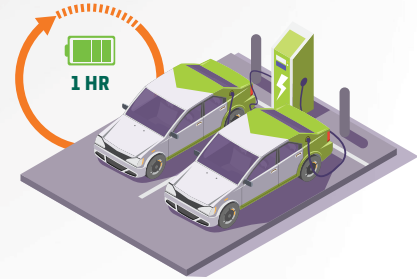

LEVEL ■ 120 Volt

LEVEL ■ ■ 240 Volt

LEVEL ■ ■ ■ 480 Volt

1

Consultation and site analysis

- Understanding goals and objectives along with site locations, lighting and security requirements
- Electrical infrastructure and utility evaluation and planning

2

Infrastructure assessment

- Drafting document of electrical distribution for site
- Identifying infrastructure requirements such as boring holes, pouring concrete, trenching and landscaping

3

Utility review

- Examining available grants, federal tax breaks, state and local credits and utility company rebates

4

Recommendation and integration

- Identifying the right EV charger – level two or three – for your commercial environment
- Ensuring the environment is safe, well-lit and comfortable for users

5

Installation and beyond

- Certified installation by our team of professionals
- Training and partnership as you move forward with additional needs
