

Drone Services

Get data, expertise and solutions with the team at
Tri-City Drone Services

Leveraging commercial-grade UAV technology without having to own and operate a UAV yourself has never been easier. You can be confident in our expertise. We'll work together to learn about your challenges and determine the best and most cost-effective UAV solution for your organization. Take confidence to a whole new level with Tri-City on your side.

CONFIDENCE DELIVERED.®

Tri-City Electric Co.
Since 1895

Experienced in drone services

There's nothing like data and photography to help empower your decision-making process. Tri-City Drone Services – a division of Tri-City Electric Co. – is a commercial unmanned aerial vehicle (UAV) and data solutions company that will help you solve your business challenges.

Whether it's aerial surveying a new construction plot, creating a 3D model to capture the current state of a building or using thermal imagery to determine inefficiencies, you can be confident in Tri-City Drone Services to deliver the aerial data and imagery you need.

Our fleet

With our fleet of state-of-the-art UAVs, we are able to capture an array of high-quality data and images. Plus, all our pilots are FAA certified, bonded and insured and meet all new government drone regulations.
