Mission Critical

Bringing expertise and dedication to your data center.

Tri-City Electric Co.

When it comes to mission critical data center facilities, you need nothing but the best. The best accessibility, security and connectivity. At Tri-City Electric, we provide just that. Tapping into decades of industry leadership, we deliver an unrivaled customer experience in assisting with the building of mission critical data centers.

Our team of experts can confidently handle the most complex jobs, ensuring a tailored solution for small to large-scale data center projects. We leverage our vast experience across our electrical industry disciplines, resulting in a faster, safer and higher-quality build-out. From the ground all the way up to the cloud, we've got you covered.

Tri-City Electric Co.

Since 1895

Completely covered, from ground to cloud.
